### **Light of Africa NRW e.V. and Harriet Mulenga: FILM and Discussions**

Harriet Mulenga comes from Zambia where she works with CHAMP Zambia as Psychosocial Counsellor. She tested positive for HIV soon after her husband, a minibus driver, died of TB. When she was no longer able to care for herself, she moved in with her mother but found a chilly reception.

In a documentary film, Esther Chikondo Harriet’s mother speaks honestly about her struggle to accept her daughter after she was diagnosed HIV-positive. Esther says she used to let Harriet eat outside, and that she asked herself, “If I touch her, will I get HIV?” She also says she told her daughter she was bringing shame to the family: “Just die! Who cares about you?”

All members of the public are invited to come and see the film and have to discuss with Harriet.
